Re: Sleep Medicine Service Modification

Date: February 1, 2024

PMA has been committed to providing sleep services over many years within the Sacramento and surrounding areas. Our market and business continue to be an ever-changing environment. PMA has identified the need to make some changes within the Sleep Medicine service line. Effective February 1, 2024, we will indefinitely shift all studies towards home sleep studies. We have already begun to develop relationships/partnerships with other sleep lab providers in the region. The partnerships are to provide In-lab studies; thus, we can focus our attention on Home Sleep Studies. Alternative options for patients who requires In-Lab sleep services that are within the market are Sutter Sleep Disorder Center and California Sleep Solutions. We believe this is a better care delivery model for PMA to provide a quicker and more convenient method to treat sleep disorders. We will continue to annually evaluate our sleep services to adjust the scope of our services to meet the demands of the market. On behalf of PMA, we thank you for entrusting us with the opportunity to serve as your provider and will work to ensure we improve access, timely and excellent care.
